

## Micke Grove Show, Lodi, June 14, 2009

This year our Nor Cal Annual judged car show was held in June rather than October as last year. We have tried July, too hot, October, too cold and now June, just right. Sounds like the 3 bears but the weather was very nice. Attendance was down a bit lower than we'd like. Could be the sign of the times but for those who attended it was fabulous.
